

Zenhathitude Products include different kinds of items like bags, iPad cases, Table mats which are all made with vibrant coloured materials carefully crafted and stitched skillfully to bring about an alluring product range. These products help to finance the sisal projects that largely provide sustainable income for the local community.

# zenhathitude

*bringing colour to your life . . .*

*A fusion of traditional technics and modern design. Bringing you innovation and originality in handcrafted eco friendly items*

## THE STORY - What drives our program

The program aims to ensure sustainable incomes and development for focus groups from the local Ukambani community, where crafts have been a traditional practice passed across generations

(Above) Agnes counting sisal ropes for sale. (Right) Kiendi is weaving an amazing sisal carpet

At Zenhathitude, we believe and practice what we call the 3R policy  
**RECYCLING - REUSE - RENEW**

## BAGS - Created from beautiful pictures

A picture that has been transformed to be used on a bag design

## COFFEE TABLES AND STOOLS

Tyres (Above left) used to make the shape of the base for tables and stools. Roots (above right) are used for colouring sisal.
